IGLESIA DE SAN PEDRO y plaza

JOSÉ FERNÁNDEZ LÓPEZ

A photograph of Plaza de San Pedro. In the center is a white stone fountain with a tiered base and a central column. The plaza is paved with reddish-brown bricks. In the background, there are multi-story brick buildings with white window frames. A red sign with the word "October" is visible on one of the buildings. There are trees and a black lamppost in the foreground. The scene is captured in bright daylight with shadows cast on the ground.
